

# Monthly Electric Rates

Effective January 1, 2012

---

## Residential Rate

Line & System Maintenance*	\$36.00
kWh Charge (kilowatt-hour) 0-2000 kWh	0.07100
kWh Charge (kilowatt-hour) over 2000 kWh	0.07438

---

## Small General Service Rate

Small General Service Rate is determined on KW(demand) use less than 50 KW in the prior year of any month

Line & System Maintenance	\$36.00
kWh Charge	0.05000
Demand Charge per Kw > 10	\$8.17

---

## General Service Rate

General Service Rate is determined on KW(demand) use over 50 KW in the prior year of any month

Line & System Maintenance	\$58.00
kWh Charge	0.04700
Demand Charge per KW >10	\$8.17

---

## Irrigation Rate

Horse Power Charge (Billed in May)	
0 - 100 Horsepower (per hp)	\$21.00
over 100 Horsepower (per hp)	\$30.87
kWh Charge	0.02651
Demand Charge	\$1.33

---

## Green Power Rate

Opt-in program supports co-op's low-impact hydropower projects through sale of renewable energy credits.

kWh Charge <i>above regular kWh charge</i>	0.01100
--	---------

---

## Net-metering Rate

Applies to small wind, solar, or hydro projects that are owned by members and tied into co-op's electric grid.

Credit for net positive generation is accumulated and applied to billing from May 1 to April 30.

On May 1 of each year, all generation credit is purchased by co-op at co-op's wholesale power rate for previous year.

---

\*The Line & System Maintenance is charged each month. The fee covers a portion of the costs Fall River incurs to build and maintain the system that carries the electricity to your home or business. The costs include transmission lines, substations, power line improvements, maintenance and repair, billing, accounting, the payment of loans and members services. This fee ensures all members pay an equal share of infrastructure costs.
